BUSINESS

OPPORTUNITY

A unique and established business opportunity is coming to downtown Chillicothe. The owners of Highland's Ice Creamery plan to retire this year and are searching for a well qualified buyer.

The Highland's five year plan of operating an ice cream shop achieving annual growth in sales and profits, will come full circle in June 2024. Since opening in 2019, Highland's has become a popular destination in downtown Chillicothe along with adding to the successful downtown revitalization.

Downtown Chillicothe provides a great locale to operate a locally owned business and will continue to be a desirable destination with the area's history and attractions bringing visitors from near and far.

If interested in learning more about this excellent business opportunity contact Pat Highland at pathighland@yahoo.com

**ice
cream**

A stylized logo for 'ice cream'. The word 'ice' is in light blue and 'cream' is in pink, both in a rounded, bubbly font. The logo is set against a white background with a scalloped border, surrounded by a dense field of colorful confetti in various colors like red, yellow, green, and purple.

*Important
Training!*

The Ross-Chillicothe Convention & Visitors Bureau is introducing the World Heritage Messenger Training and would like to invite you and your team to participate and become a certified World Heritage Messenger!

Becoming a Certified Messenger is easy and only takes a small investment of time to complete! There is a short document to read, a few quick videos within the document to watch, and then a simple 9-question exam. Once completed, they will be notified and will issue each team member with a certificate and an exclusive “Ask Me About World Heritage” button to wear proudly.

All the documents can be conveniently found on their website under the “Resources” tab in the “Frontline Training” section. You can also quickly access the page at this link:

<https://visit Chillicotheohio.com/about/resources/frontline-training/>

Please feel free to reach out to the CVB with any questions you may have and please share any feedback about the training.
